

Code-Point with polygons pricing

Please refer to the Business portfolio price list for full details of our pricing.

Ordnance Survey pricing is based upon corporate pricing. Corporate users are those customers using data on 101 or more terminals. Terminals include laptop, PC or other equipment containing a screen on which licensed data may be displayed or otherwise used.

Discount for non-corporate data use

Discounts on the corporate price are offered to smaller users. The table below shows the discount you are entitled to for each terminal band:

Terminal bands	Discount for non-corporate use (%)
101+	0
51–100	10
21–50	20
11–20	40
6–10	55
3–5	70
2	80
1	87.5

Only licensed as GB coverage

No of terminals	Licence fee (£)
101+	26 342.50
51–100	23 708.25
21–50	21 074.00
11–20	15 805.50
6–10	11 854.13
3–5	7 902.75
2	5 268.50
1	3 292.81

Minimum charges

- 1 The minimum charge for the supply of any Ordnance Survey data (whether it is an initial order of a product or a subsequent order) or for any licence renewal is £100 + VAT per product unless otherwise stated.
- 2 The minimum charge for adjustment to your licence in all other cases, for example, an increase in terminals, is £50 + VAT.

Value added tax (VAT)

Unless otherwise stated, prices are shown exclusive of VAT which shall be payable at the prevailing rate at the date of invoice.
